21. The MPA Award for Brokerage of the Year

WINNER : THE MORTGAGE PROFESSIONALS

"It means everything. It's a great, fantastic event – really well run and professionally put on. We're extremely happy to be recipients of this award, which reflects all the hard efforts that our staff, management and especially our brokers have put in. This award is really for them, and we're just the recipients here tonight. I think we won the award because we sincerely care about our clients – our differential is our service."
